

SEE THE CATTLE DIPPING VAT.
Will Be Feature of Corn Exposition in Columbia in January.

Columbia, Oct. 28.—Special: It is conservatively estimated that the cattle tick causes loss of between fifty and one hundred million dollars annually to the South. This statement is made by Dr. E. M. Nighbert, of the United States bureau of animal industry, who has charge of arrangements for the cattle dipping vat to be installed for demonstration purposes at the Fifth National Corn Exposition here next January. "By cooperative efforts," says Dr. Nighbert, "the tick can be eradicated from any farm, no matter what the conditions, within six to nine months."

This cattle dipping vat at the exposition will be used to demonstrate the practical use of his most effective and most certain method of ridding cattle of this pest. This demonstration is one feature of the comprehensive exhibit from the Federal Department of Agriculture, which, together with the educational exhibits from many State agricultural colleges and experiment stations, and competitive exhibits from many States, gives the exposition its recognized value as a potent factor in the agricultural development of the nation.

The cattle tick costs South Carolina about \$1,000,000 annually, according to a conservative estimate by Dr. M. Ray Powers, of Clemson College, State veterinarian. Dr. Powers will assist Dr. Nighbert in demonstrating the dipping vat at the exposition.

"The cattle tick prevents safe breeding, handling and marketing of cattle because it transmits disease to every animal it infests," says Dr. Nighbert, in pointing out the necessity for the eradication of the pest. "The cattle tick is easily, permanently and inexpensively eradicated by dipping cattle in a concrete vat containing the standard solutions."

W. M. U. Quarterly Meeting.

The quarterly meeting of the W. M. U., Beaverdam Association, was held with Bethel church on Wednesday, October 16th. The large attendance and general interest tended toward the spiritual uplift of the meeting. Some interesting and vital questions—aside from the program—were discussed.

In the absence of the divisional president, our ever-faithful and efficient superintendent, Mrs. D. A. Perritt, presided over the meeting, and her words of encouragement, counsel and good cheer to all societies will long be remembered and will bring forth much fruit in the Master's kingdom.

The following program was rendered:

Prayer and praise, with Scripture quotations.

Welcome, by Miss Ethel Eubanks.

Response, by Mrs. I. S. Pitts.

Call with serial reports.

Welcome to new societies and visitors.

Discussion: "The feasibility of Circulating Mission Sunday Classes within our Union," ten by Mrs. O. K. Breazeale.

Duet by Misses Bruce and Ebanks.

"Why should every woman be interested in missions?" By Mrs. D. A. Perritt.

Adjourn for dinner, one hour.

Hymn.

Chain of prayer.

Short talks on "Personal Service."

Question box, literature, etc.

Collection.

Song—"Blest be the Tie."

Dismissal.

Girl Stripped, Then Tarred.

Norwalk, Ohio, Oct. 25.—Six men were arrested to-day at West Clarkfield on indictments charging them with riotous conspiracy in connection with the recent tarring or painting of Minnie La Valley, a young woman of that village. A seventh man was arrested on an indictment charging perjury in connection with his testimony before the grand jury investigating the occurrence. Reginald Thomas, constable, was among those charged with the attack on the girl.

Minnie La Valley was seized on the street of the village the night of August 30, divested of clothing and smeared with tar or paint. It was alleged at the time that women dressed as men had taken part in the affair. This is the finding of the grand jury denied.

KEEP IN PERFECT HEALTH.

You owe it to yourself, your family and your work to keep in the best possible condition. If you have strong, ready muscles—rich, healthy blood and a clear brain, you can do more and better work and really live, and enjoy living and be a blessing to those you love.

Much of the eternal grouch and many of the aches and pains you see every day are caused directly by a lazy, torpid, over-worked liver, and all of that may be absolutely cured by R. L. T. (Richardson's Laxative Tonic). One fifty-cent or dollar bottle of this magnificent tonic will prove to you that it is the finest laxative and the quickest strength building tonic ever offered sick, suffering humanity. Get a bottle from your druggist today, and keep it always in the family medicine chest ready to put the Liver right in one night or cure malaria, constipation, or bilious fevers in the shortest possible time. If not on sale in your town, write R. L. T. Co., Anderson, S. C.

\$109.72 CLEAR ON ONE ACRE.

Kershaw Farmer Gets \$128 Bushels of Corn, 1,215 Bundles Fodder.

A dispatch from Kershaw says: One of the most progressive and up-to-date farmers in this entire community is J. W. Holden, who has broken the record for raising corn, so far as this immediate vicinity is concerned. Mr. Holden has just gathered the corn raised on one acre of ground, with the result that he has 128 bushels to his credit from this one acre. He also gathered from the same acre 1,215 bundles of fodder. This amount of fodder, together with the corn, gives a money value of \$187.72 at present prices of the articles. Mr. Holden used fertilizers, compost, cotton seed meal on this acre of land that cost \$68, the work and cultivation of this one acre, which was done by Mr. Holden himself, represented a cost of \$6. Making a total cost of production \$73 to \$75, leaving a net gain of \$109.72 to the acre. The entire work was done by a small cultivator. This is an illustration of what can be done on any land when modern methods of cultivation and fertilization are used.

GREAT MASS OF PROOF.

Reports of 30,000 Cases of Kidney Trouble—Some of Them Walhalla Cases.

Each of some 6,000 newspapers of the United States is publishing from week to week names of people in its particular neighborhood who have used and recommended Doan's Kidney Pills for kidney backache, weak kidneys, bladder troubles and urinary disorders. This mass of proof includes over 30,000 testimonial cases. Walhalla is no exception. Here is one of the Walhalla cases.

Mrs. Rose Hutchins, Knitting Mill Hill, Walhalla, S. C., says: "My kidneys were in bad shape, and I suffered intensely from pains in my sides. I had backaches, my heart palpitated and mornings on arising I fell all worn-out. Finally I began using Doan's Kidney Pills, obtained at Dr. Bell's drug store, and they benefited me in every way. I do not think there is another kidney remedy that does better work than this one."

For sale by all dealers. Price 50¢ Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. adv.

IMPOSED HIS WORST SENTENCE.

Judge Tells Negro to Go Support Family of 18 Children.

Albany, Ga., Oct. 23.—A case believed to be unprecedented in Georgia was brought to light in the United States Court here to-day, when Albert Cowart, a Miller county negro, entered a plea of guilty in answer to a charge of bigamy in answer to questions of Judge Grubb. It developed that Cowart has been married seventeen years, and that during that time twenty-three children have been born to him and his wife. Eighteen of these are living, the youngest being eight days old.

The facts as brought out by Judge Grubb were verified by reputable Miller county citizens present. Judge Grubb said to the prisoner:

"I sentence you to go back home and care for those eighteen children. That is the worst punishment I have it in my power to impose."

MAD DOG BITES PICKENS LADY.

Wife of Bank Cashier Thought Dog Was Merely Sick.

(Pickens Sentinel, Oct. 24.)

Mrs. M. C. Smith, wife of the cashier of the Keowee Bank here, was bitten by a dog last Tuesday and taken to Pasteur Institute in Atlanta Friday for treatment.

She thought the dog was sick and was trying to give it some medicine when it bit her. Mr. Smith killed the dog and sent its head to Columbia for examination. Friday he received a telegram stating that the dog had hydrophobia, and he immediately accompanied his wife to Atlanta. Their son, Theo, and small baby are also with their mother.

Mr. Smith returned Monday and reports that Mrs. Smith is getting along nicely, and that there is now no danger, for which their numerous friends are truly grateful.

Bees Chase Him to Death.

York, Pa., Oct. 21.—George Frey, aged sixty-eight, was hiving a swarm of bees on the farm of his brother in lower Windsor township, when the insects attacked him. Frey ran at full speed to escape their stings, but about 20 feet away he fell dead from over-exertion.

Demand Car Service for Fair.

Columbia, Oct. 24.—No cars are running to-day. The Chamber of Commerce demands that cars be run fair week, stating that cars and carmen will be protected if it takes every member of the Chamber to protect them. This means that there will be car service next week. The public is fast losing patience with the strikers and their demands are regarded as foolish.

Some Tater This.

(Hartwell, Ga., Sun.)

One interesting exhibit in the Hart County Fair this week is a sweet potato which is one yard and eight inches long, or a total of 44 inches, and is 10½ inches in circumference at the largest point.

It was raised on the farm of C. Linder, in this county, and after the fair it will be sent to our next President—Woodrow Wilson.
